

*SPECIFICATION AMENDMENTS*

Replace the paragraph beginning at page 1, line 6 with:

The present invention relates to an enclosed ~~type~~ switchgear in which a vacuum valve provided with a pair of switching contacts and a moving mechanism part for moving the vacuum valve are disposed in a gas tank filled with an insulating gas.

Replace the paragraph beginning at page 8, line 7 with:

Figs. 4 (a) and 4(b) are front views, each showing a state in which an outer diameter of a spring retainer plate for pressing a contact pressure adjusting spring is changed with respect to the outer diameter of the insulating barrier ~~formed~~ on the insulating rod.
